In Memoriam

REV. F. W. BENKE, A CONSECRATED SERVANT OF OUR LORD

Whether as instructor at the Christian Training Institute or General Missionary, those that knew Rev. Benke best, will ever remember him as a consecrated servant of the Lord. As a boy he gave his heart to the Lord Jesus Christ and from that time on he considered himself having "gone out from among them" and being "separated unto the Lord." To bear reproach for his crucified Saviour and go wherever the Master had something to do for him was his delight.

As instructor at the Christian Training Institute Bro. Benke was constantly busy and earnestly seeking that the students would get the most out of the time spent at Bible School. Deeply he felt, the greatest need would be, the deepening of the spiritual life.

Our Bro. Benke was especially endowed with talents to search out the lonely homesteaders and the less fortunate to bring to their shacks and huts the glorious Gospel message. Much of his strength he spent in the Peace River area willing to endure severe hardships in order to tell of the saving Grace of His Lord to those scattered abroad. Difficult roads were no barrier to Bro. Benke. By automobile, wagon, sleigh, horseback, or on foot, he would travel over Indian trails, rivers, snowbound roads, gumbo, and rain soaked countryside. Nothing would hold him back if he once made arrangements to be at a certain place on a certain date and time. Many of his contacts he made with parents and strangers through the medium of the little children. How he loved the children of the red-man.

Now taken from our midst he will ever be remembered by large numbers of children as speaking kindly to them, laying his hand upon their heads, blessing and praying for them.

No place was too humble for Bro. Benke to enter and preach Christ therein. On the highways and by-ways, in homes, halls, schools, dilapidated buildings, by the railroad stations, on the streets of the towns, and wherever man walked, he felt called to witness and preach the Lord Jesus Christ. In his own car he would bring hymn books, Christian literature, organ, seats, benches, and people to the meeting place.

Many a pioneer settler and Indian home was blest by Bro. Benke's visits. In these homes he would always find a way and have time to read God's Word; to speak a word for his Saviour; to sing hymns and to pour out his heart in prayer. All his talents and gifts were consecrated to the Master's service.

The Rev. Benke was used mightily by God because God could depend upon him and he walked so closely with God.

I'll Go Where You Want Me To Go

(THEME SONG OF GRADUATES)

It may not be on the mountain height,
Or over the stormy sea,
It may not be at the battle's front
My Lord will have need of me;
But if, by a still, small voice He calls
To paths that I do not know,
I'll answer, dear Lord, with my hand in Thine
I'll go where you want me to go.

I'll go where you want me to go, dear Lord,
Over mountain, or plain, or sea;
I'll say what you want me to say, dear Lord,
I'll be what you want me to be.

Perhaps today there are loving words
Which Jesus would have me speak;
There may be now in the paths of sin
Some wand'rer whom I should seek:
O Saviour, if Thou wilt be my guide,
Tho' dark and rugged the way,
My voice shall echo the message sweet,
I'll say what you want me to say.

There's surely somewhere a lowly place
In earth's harvest fields so wide
Where I may labor thro' life's short day
For Jesus, the Crucified;
So trusting my all to Thy tender care,
And knowing thou lovest me,
I'll do Thy will with a heart sincere,
I'll be what you want me to be.

The High School

HISTORICALLY SPEAKING

BY MISS E. KAISER

The conception of our Christian Training Institute in the year nineteen hundred and thirty nine and its subsequent growth in the intervening years has been a great movement. God has wondrously prospered the work. Within this movement, however, another venture has been slowly but surely taking shape, and on September 17, 1949, the venture had become a reality for on that day our new division, the high school, was officially opened.

As God began to speak to the students who came to Bible Institute, and as He began to call and claim them for full-time service the need for high school preparation became imperative. The faculty became increasingly aware of the need. They began to contemplate possible means to help young people, some of whom have passed their high school years and are yet desirous of securing such training.

The need for a high school was further emphasized when our denominational Seminary expressed the opinion that too much time had to be spent on high school work by the students who enrolled from the Institute. In view of these conditions it was impossible for them to give adequate time to their seminary training. This situation had another aspect as well, in that it served to lower, or at least to hinder, the educational standing of our Seminary.

The initial gesture in our high school enterprise was a proposal by our president, Rev. Wahl, submitted to the Governing Board of the Institute in March, 1949. The proposal was favourably received in spite of admitted obstacles. The members of the Board were confronted with problems of housing, classroom space, expenses, and the matter of accreditation. Action was taken by delegating to the Committee on Faculty and Curriculum the responsibility of further study of the plans and for definite arrangements for a teacher.

In July, 1949, the Governing Board heard the Committee's report and gave its official consent to further develop the plans. As in past years God has guided leaders and choice personalities, so He directed the Committee to Mr. O. T. Miller who has taken an unequalled place in all that transpired in the detailed organization of the high school. His name was submitted as principal of the school. The Committee further reported that in a session with the Superintendent of High Schools of the Department of Education and another education officer, the Department had admitted the feasibility of our detailed plans as outlined by Mr. Miller. Accreditation was assured us if standards were carefully met.

From the Governing Board, the high school plans were advanced to the Education Committee and to the General Mission Committee of our denomination. There was some opposition but much favor was also expressed as the widespread effects of this work for our entire denominational constituency were realized.

There are still many problems ahead. To meet the standards for a one-room high school that will accommodate twenty-five students, it will be necessary to extend the present classroom space. There is a certain amount of laboratory equipment that should be purchased. Further reference and supplementary reading books are also needful items.

We need not, however, linger upon the obstacles. We regard it much more challenging and we deem it a privilege to accept the possibilities of the future. Having committed this new venture to the Lord, we can rejoice, and in everything give thanks, for in His strength we are in all things more than conquerors.

A Wider Scope

BY MR. O. T. MILLER

As principal of the High School Division of the Christian Training Institute, mine is a double honour. It is an honour to be a workman in the vineyard of the Lord Jesus Christ; it is also an honour to have been chosen to head this new department. I am so glad that our President, Reverend E. P. Wahl, had the vision to establish an accredited high school, for not only will our students receive full recognition by the Department, which, in turn will enable them to proceed to higher studies; but, under Christian teachers, these same students are made aware of the necessity of obtaining the best education for a fuller and greater service for our wonderful Redeemer. It stands to reason that the more tools a mechanic has at his disposal the better will be the work he can do. Likewise, the more tools a Christian has at his command the better will he be able to serve his Lord and Master.

For the benefit of the parents of the students attending this year, and for the benefit of those who will be attending the high school, I want to give you the assurance that the high school is recognized by the Department of Education. At a meeting with some of the officials of the Department of Education we presented our plan to start an accredited high school. After a thorough discussion of the matter, we were assured that whenever we were ready to make our application, their permission would be forthcoming without delay. True to their promise, the Department granted its sanction promptly when we filed our application. Thus, we are operating as a Christian accredited high school.

You may wonder why another high school should be started when there are a goodly number already in existence. Or, to make it more specific, what is the function of the High School Division of the Christian Training Institute? Briefly, it is to afford a more extensive training for young people in the service of the Lord. During the past few years more and more requests have been received from the mission fields for trained personnel with high educational qualifications like doctors, nurses, or teachers. What a privilege it is, then, to train under Christian teachers. Then, too, from the daily chapel periods we have received great spiritual blessings. Through them we receive encouragement, strength and blessings untold that have such far-reaching effects in building up the students' and teachers' spiritual lives. Add to this the spiritual benefits derived by the students from their group prayer meetings and from the practical assignments that the students are given by the President from time to time, and you can readily see that the high school student's spiritual growth is of utmost importance.

The curriculum offered consists of the usual compulsory subjects, academic electives, and some general electives. It is not as wide as one might wish it to be, but considering that this is our first year, our students are doing quite well. True, there are limitations and restrictions when a high school operates as a one-room set-up, but throughout the province this is repeated over and over again. Naturally, as the school grows these limitations will disappear.

What I like so well about the C.T.I. High School is the daily chapel period. When 10:40 comes along on the schedule, it is a real privilege to come aside to be refreshed in the inner man. Christian parents will fully realize the value of this practise in moulding the spiritual life of young people. Your earnest prayers for this new phase of the C.T.I. is most needful. With this support we know that God will honour every effort to train your young people for the Lord's service.

A Word From The Graduates

With gratitude and joy I look back over the past four years—three of Bible school and one of high school. As I endeavour to prepare for full-time service, it is my prayer that I “might walk worthy of the Lord unto all pleasing, being fruitful in every good work, and increasing in the knowledge of God.” Col. 1:10.

—Ervin Strauss.

“Trust in the Lord with all thine heart; and lean not unto thine own understanding.”

“In all thy ways acknowledge him, and he shall direct thy paths.”

I praise God indeed for His leading and guiding hand. I praise Him for the privilege of attending high school at the C.T.I. in preparation for a fuller service for my Master.

—George Nelner.

I am thankful for the privilege of enjoying Christian fellowship with the students of the C.T.I. This glorious experience will no doubt be an incentive in my future studies and service for the Lord Jesus Christ; the need of workers is urgent. “Look on the fields; for they are white already to harvest.” John 4:35.

The Graduates Speak

It has been the desire of the fourth year students to get an intimate knowledge of the word of God through diligent study.

Four years ago we acknowledged the command: "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." Following this exhortation of the Lord we began our study at the Christian Training Institute.

Our experiences during these past winters have been too numerous to share with you but we would mention just a few of our very personal spiritual blessings:

Many blessed experiences have been mine while attending the C.T.I. Teaching Happy Hour classes has been one particular joy. And, the Lord willing, I should be happy to work with children in the future.

—Monica Niemann.

I cannot praise and thank the Lord enough for the blessed opportunity which has been mine during the past four years to study God's own precious Word. Truly greater and more marvelous truths were revealed unto me daily and my spiritual life was strengthened as I received a better understanding of the Scriptures.

—Milton L. Sauer.

I thank God for the opportunities of exercising the training which I have received at the C.T.I. In doing practical work I have seen more clearly the need for Christian workers.

—Thelma Heer.

The inspiration and spiritual blessings which have been mine through the showing of Christian films while at school have been numerous. They have presented vivid challenges and have shown me in a real way the need of Christian work both at home and abroad.

—Donald Johnson.

Harvest truly is great, but labourers are few! During these four terms here at school I have been touched as missionaries have forcibly brought this need to our attention. Now my prayer is, "Lord, thrust me out into the field, wherever it be, as a faithful helper."

—Doris Riemer.

For four years it has been my privilege to be a student of this school. The outstanding hours for me were the Saturday and the Mission prayer meetings held every second week. To hear the united prayers of the student body proved a great blessing to me and I praise God for the influence they have had on my life.

—Alfred J. Schmidt.

The hours spent in prayer during the four years at the C.T.I. have truly been blessed ones, especially when with a group of four other girls, as we met in our small prayer bands. During these years I have experienced that "The effectual fervant prayer of a righteous man availeth much." James 5:16b.

—Margaret L. Benke.

The Creed of the Christian Training Institute

Creeds have been carefully formulated and recited from the very beginning of the Christian era. The quoting of creeds, however, cannot tell us what man believes. Only as we see man's deeds can we really know his creed. Emerson has well said:

"Go put your creed into your deed
Nor speak with double tongue."

MAN CREATED IN THE IMAGE OF GOD is our deep concern. Originally sinless and pure he was placed by his Maker at the head of all upon the face of the earth. Although fallen in Adam, as the natural head of the race, now sinful by nature and by choice, and in need of salvation, we still have great faith in man as God also has. The soul of man is the most precious thing in the world and to win and save souls is our chief ambition and reason for the existence of the Institute.

JESUS CHRIST, THE SAVIOUR OF THE WORLD we love to proclaim as Son of God and Son of Man, sinless and perfect in holiness. Man cannot make his own way of salvation. Christ the Lord has proven Himself as "the Way" and "whosoever will" may find the new life through Christ Jesus, who bore humanity's sin and made atonement on the cross by the shedding of His blood and rose again from the dead and is now at the right hand of the Father, whence He will come in due time as promised. In the name of the Lord we call sinners to repentance and would have them turn from sin and accept Christ by faith, for "With the heart man believeth unto righteousness and with the mouth confession is made unto salvation."

THE BIBLE we accept as the revealed word of God. Therein is shown us the way of life. No man has yet been found capable of writing a book equal to our Bible. The Holy Bible, including both the Old and the New Testaments, is a divine revelation. We firmly believe according to II Tim. 3:16 and II Peter 1:21 that the original autographs of the Scriptures were verbally inspired by the Holy Spirit. The Christian Training Institute is a school to foster intensive Bible study and develop a deeper passion to send out this Word of Life to all corners of the earth. This indestructible Word of God we dearly love for by it we learn to know

GOD, THE FATHER OF THOSE BORN OF THE SPIRIT. There is but one God, existing eternally in three persons who in the Scriptures are made known as Father, Son and Holy Spirit (Deut. 6:4; Matt. 28:19; I Cor. 8:6). We know Him as the Almighty One, just in all His ways and "It is a fearful thing to fall into the hands of the living God." Through the Only begotten Son the indescribable love of the Father has been made known to the world. The depth of His care the extent of His provision we learn to know in Christ Jesus our Lord.

ETERNAL CONDEMNATION awaits those that reject the Love of God. Hell is as real as heaven. In the eternal Word of Truth we are taught to know the soul of man never dies. Those that inherit the heavenly bliss shall live forever more in glory and those that have made their choice with Satan and his angels shall likewise continue to live but it will be in eternal hell fire. Therefore, the love of God constrains us to go into all the world and call such that would be saved to God the Father through Christ Jesus the Saviour.

To the Christian Training Institute comes the mighty challenge to carry on in the sense and spirit as expressed in the lines penned by Longfellow.

"Skillful alike with tongue and pen,
He preached to all men everywhere
The Gospel of the Golden Rule,
The New Commandment given to men,
Thinking the deed, and not the creed,
Would help us in our utmost need."

A Challenge To Youth

By Alfred Schmidt

Youth of today, what does the world expect of you? Mankind in general and Christian leadership in particular look to you for help and for support. With the many difficulties and disagreements arising between nations and individuals the world we are living in has become a very sordid place. In order to meet the world's expectations of the Christian, will need more than mere education. You will also need a surrendered and dedicated Christian life which will function as a vital force for good. We therefore study not only to develop our talents but also to apply them in a beneficial way which will lead to the solving of the many difficulties that arise continually round about us.

Young people, there is no better place than an institution of Christian training to equip you to meet these needs. Our Christian Training Institute offers valuable opportunities to prepare for this gigantic task, as it stresses not only learning but application of material learned and consecration of the learner himself. In this program of training, Bible study functions as the basis of the curriculum. It also constitutes the major part of all our subjects. In our walk we find also that we will have to deal with any false cults and concepts for which the Word of God has precise and unmistakable answers. Young people, prepare yourself to withstand false beliefs and to deal understandingly with the things that matter. Our C.T.I. offers you these advantages in a most clear and practical way. Apart from these the C.T.I. provides valuable subjects such as pedagogy, child study, psychology, history and literature which give the student a better understanding of life in general.

Equally valuable is the fellowship with other Christian young people who are studying to prepare for better Christian service. The joys and blessings we share with each other give us a deeper understanding of what the Christian life really means and how a Christian can help others who do not have these opportunities.

In addition to these essential features we must also mention the fellowship of prayer and worship which all Christians need. A closer walk with God gives us strength and poise. Here at C.T.I. we experience it from time to time. Our Saturday evening prayer meetings and our Sunday School and Sunday morning worship services repeatedly lead us into God's presence. Similarly your moments of prayer and meditation each night before retirement, are periods of spiritual refreshment.

We invite you, young people, to share with us the Bible studies, the Christian fellowship, and the Christian life at our Institute next school year or in the years to come. Think about it. Pray for guidance. Work to help God show you your place in His will.

Retrospect Among The Faculty

By REV. L. TURNQUIST

To be an instrument in the hand of God to be used in His service is a privilege which might well cause us to pause in wonder at the great goodness and grace of the Lord. When one is entrusted with the instruction and training of young lives for Christian service we can but be humbly grateful, and feel a deep sense of inadequacy. But in all the great tasks which God assigns to us, he has promised to go with us and to be the all-sufficient One. In our great task at the Christian Training Institute we have learned to lean upon the Almighty and to trust him for the results.

The past school year has been a most happy one. The many friends of the C.T.I. have made it so by their kind interest, prayers, and contributions. The students have helped wonderfully by their cooperation, industry, and splendid Christian spirit. We know that the school boards, past and present, have prayerfully considered the needs of the school and have done all in their power to further its interests. Then our own highly esteemed principal, Rev. Wahl, has labored ceaselessly and devotedly to make the year a happy one for all of us. To all these we extend our most sincere thanks, and to our God we send up our praise, for his rich blessings have been upon us.

This year one of our number was called to rest and to be with the Lord. Our well loved brother, Rev. Fred Benke, had served his Saviour zealously and well and to the last day of his earthly pilgrimage. The end came suddenly and very unexpectedly, without any interval of disability.

We miss our brother. His kind, gentle presence can no longer cheer our way. In the halls his foot fall is stilled, and his friendly greeting is no longer heard. His voice of prayer, his warm missionary spirit, his kindly humor, his mature wisdom coming from a rich experience—all have been removed, and we feel a deep sense of loss.

The memory of brother Benke will long linger with us, and we rejoice in knowing that we will meet again. Christ has indeed removed the bitterness of parting, and has lighted our pathway with a glorious hope.

We gladly welcomed the coming of Rev. Hugo Leuck, who carried on most of the classes that Rev. Benke left. We have found him a congenial brother and well qualified for the task. It was most opportune that he should be available for a time like this.

As a faculty we desire that the fruits of this year's labors shall live on in the students and that the seed sown will greatly multiply and go on to bring blessings to an ever increasing multitude. We can but help to kindle a feeble flame and send forth a lighted torch. May the Spirit of God blow upon that flame until it becomes a mighty force unto righteousness and salvation!

Scholarships and Prizes

The ETHEL RUFF TROPHY is awarded annually to the best accomplished special work assigned by the teacher to individual students or to a group of the students in the classes of Christian Education.

They consist of three \$10.00 and one \$5.00 scholarships. The first three are awarded annually to students having submitted the best papers on assigned research work. The \$5.00 scholarship is awarded to the best "all round student" of the school.

Gratefully Yours

As students of our beloved C.T.I. we wish to express our thanks and appreciation to those who have shown a deep interest in the welfare of the school.

We deem it a privilege indeed to receive a diversified training for the service of the Lord. Then, too, the fact that so many of our friends participate in such a wonderful way, urges us to prepare ourselves for better service in His work. We are ever reminded of their kindness and thoughtfulness when we are able to partake of the wholesome meals prepared for us each day. The surprise treats have been enjoyed by one and all. However, our gratitude extends beyond those of immediate connection with the school. How we praise God for those who, even though a great distance from us, show their interests in the school by the generous gifts and donations sent to us. We think of the dear Christian lady in Oregon, whose donation helped in a wonderful way in furnishing our library. A retired pastor, ninety-one years of age, contributed three hundred dollars for more properly equipping the music studios. Then, there is the sister in California, a widow of one of our former pastors, who sent in a special Christmas offering for the work of the school. Many others have sacrificed in this same way, and such expressions of interest inspire us to give our very best for the cause of His Kingdom. Moreover, we are very much indebted to those who have provided certain scholarships which have become a wonderful incentive for greater achievement.

For the past decade God has marvelously used this Institute for training and moulding young lives into fine Christian characters. We, as students, desire that those yet to enter the halls of this school may get even better training. As we look back we see how miraculously the school has prospered with God's guidance and the cooperation of our friends. However, as we look ahead, we can see many possibilities yet unrealized for the school. At present, we feel that the greatest need is that of a gymnasium. This would be a great asset to every student because of the vital need of organized and directed exercise. Many of us come from rural areas and since we are accustomed to vigorous activities find it difficult to adapt ourselves to the shut-in environment of the school and the strenuous task of studying. This problem could be remedied by a gymnasium; it would also enable the school to offer physical training classes in the curriculum. Such classes would not only aid in keeping the body in good health, but they would also provide a period of relaxation for the mind, thus helping us to do better work.

We realize that the Lord's will must be sought at all times; therefore, we solicit your prayer and we trust that if it is His will He will lay it upon your hearts to help in this particular work. We are confident that we are able to count on you as we were able to count on you in the past.

Days of Soul-Surgery at C.T.I.

By HAROLD SCHULTZ

As we look back upon the special days of prayer which we were privileged to have here at the Institute we raise our voices in grateful thanks to God for His manifold blessings and for the spiritual experiences which were ours. Wednesday, January 18, was set aside as a day of prayer for the entire school, students and faculty alike. Although we resumed our classes the following day, we carried on the spirit of prayer and self soul-searching, climaxing it with our Saturday evening prayer meeting. In our meditations our thoughts were borne along progressively by the various themes of the days. Beginning with the theme, "Get Right With God," for the actual prayer day, we heard inspiring, consequent messages on "Locating the Trouble," "Walking With God," and "Called Unto Christ." One of the most inspiring and heart-searching messages was brought by a lady missionary from Nigeria, Africa. Our hearts were challenged to seek God's will for our lives, and our place of service in the vineyard of the Lord. We were all strengthened through the united prayers sent up to our prayer-answering God. A spirit of thanksgiving for the marvelous way the Lord has guided us to C.T.I. and throughout the months here, was evidenced in the prayers of the students. But what was a greater joy and comfort to us was that we could bring our problems and difficulties to the Lord in faith, believing that He would care and provide a solution. Throughout the prayers of the students was felt the atmosphere of trusting our gracious God to hold our future in the hollow of His hand. Truly our hearts were enriched and our prayer lives were strengthened through these special days of prayer. Thanks be to God for his bountiful goodness.

A Layman's Appreciation

By MR. C. B. THOLE (Stafford, Kansas)

When I think of the C.T.I., I think not only of the building, but also of some of the Bible Schools held locally in Alberta before the erection of the present building.

One of these first impressions was a young man who came to our door early one January morning just after we had started our pastorate in the town of Leduc, Alberta. We bade him "come in" and found that he wanted to attend the Bible School being held out at the first Church of Leduc about nine miles out in the country. Upon questioning him we found that he was from another Alberta Church and was not yet converted. During these two weeks he took Christ as his Saviour and entered our North American Seminary that same Fall. He has been serving in our churches since his graduation.

This is a typical incident in our experiences with the Bible Schools and the Christian Training Institute. I have no list available, if such a list exists, of the names of those who have entered full time Christian service as a result of the inspiration they received at these Winter Bible Schools and at the C.T.I.

Naturally the Northern Conference has been influenced more than any other. According to the record each Church in the Northern Conference has had one or more Young People at the Bible School at some time. Most of these go back to their homes and serve in their Sunday Schools and Young Peoples groups. Their enthusiasm and eagerness to serve Christ have almost invariably been characteristic of their attitude when they returned. We were always thankful for these Young People and their uplifting influence in the life of the Church while we were in the Northern Conference.

Since leaving the Northern Conference we have felt that the influence of the C.T.I. was also felt further out, yes, even to the ends of the earth. Some are serving to the ends of the earth that either attended for a time or graduated from the C.T.I.

Students and former students are invariably boosters for the school. Through their boosting we find that every year students come from the different States of the United States as well as from the Provinces of Canada. There have been students from ten different States at the school. At present there are 13 United States students. Six of them happen to be from Kansas.

The Christian Training Institute has a special contribution to make to the spiritual and religious life of our denomination. In looking through the list of ministers in our 1950 Annual I picked out 16 ministers who have had some contact with the Bible Schools and the C.T.I. Few of these list their stay at the Christian Training Institute as it gave them no scholastic standing, but I feel certain that the C.T.I. had a great part in making them what they are in their service in the Kingdom of God.

I have been told that about one-half of the students of our Seminary at Sioux Falls have spent some time at the C.T.I.

Surely a school that has been so used of God in the past in finding those who are willing to say "Here am I, send me" as Isaiah of old, will continue to have an influence on the Christian life of today and in the future.

Study to shew "thyself

Word of Truth."

Rev. D. Fuchs, Teacher

McDermot Avenue Baptist Church

Rev. Daniel Fuchs, Minister

This is the Church of the open Door, and the helping Hand, rightly dividing the Word of Truth in both languages. The Minister, as well as the Congregation send their Best Wishes and the assurance that we stand behind the C.T.I. with our prayers and support.

Last year, in October, this church celebrated its Sixtieth Anniversary. A number of our churches in the North-West, as well as in Portland, Oregon, were started with members from the Winnipeg Church. Rev. D. Fuchs is the twelfth minister, since its foundation in 1889. Eleven students went forth from here to our Seminary in Rochester, and about one thousand souls were baptized in Christ's death these past 60 years. May God grant us the joy and strength to continue to uphold the Banner of the Cross in the future here in Winnipeg.
